

**No war, no warming:**

**Turn Military Airbase Volkel  
into Natuurdorp Maashorst**

**ACTION  
PLAN**

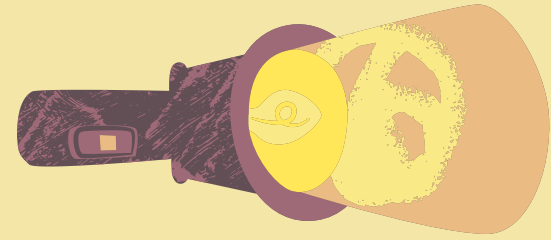

# PROBLEM TREE

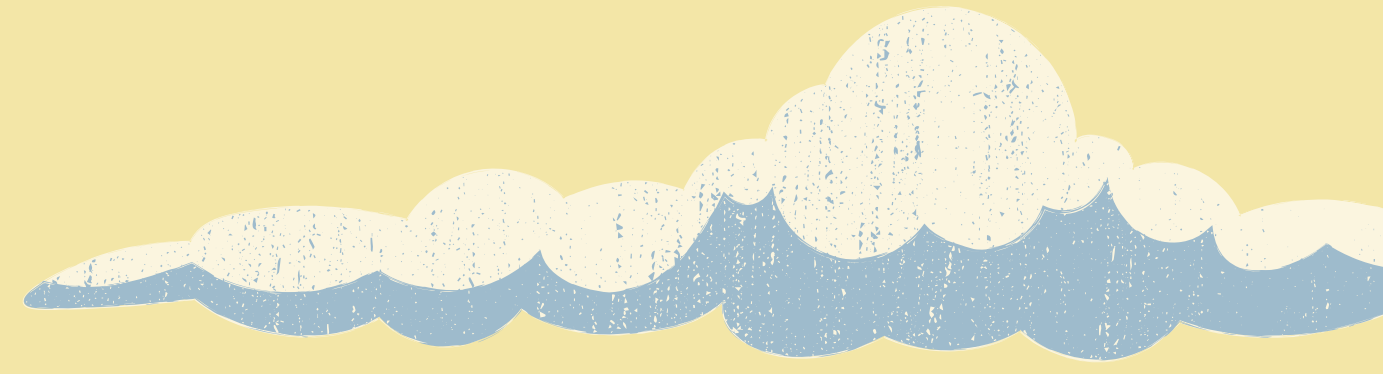

**Roots:** Military Airbase build in the Second World War and now it is in the middle of a highly populated area.

**Trunk:** noise disturbance and pollution.

**Leaves:** Stress and health damage.

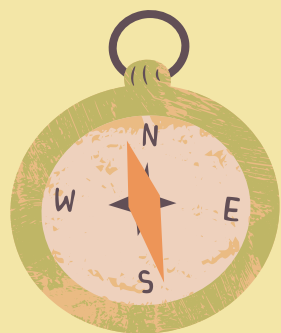

# VISION

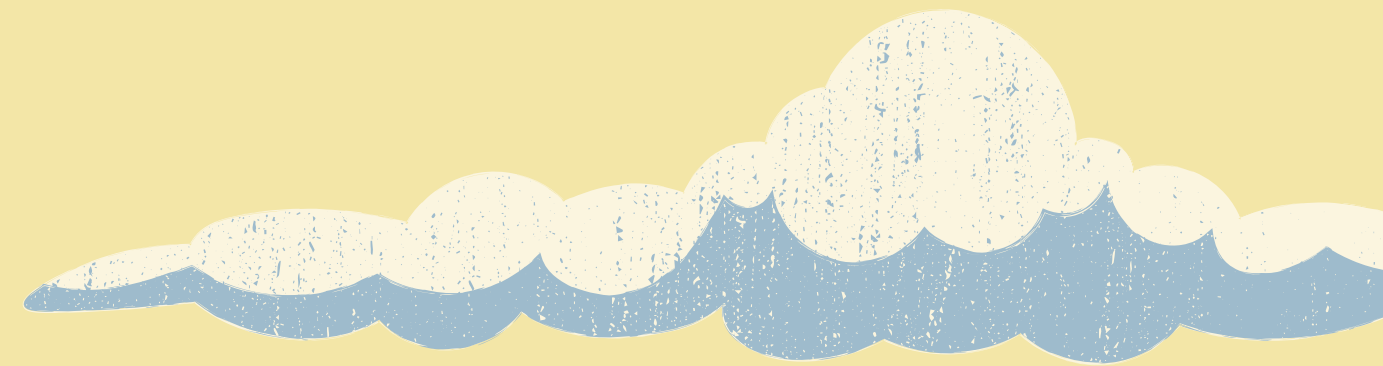

A healthy and quiet environment  
in Municipality Maashorst

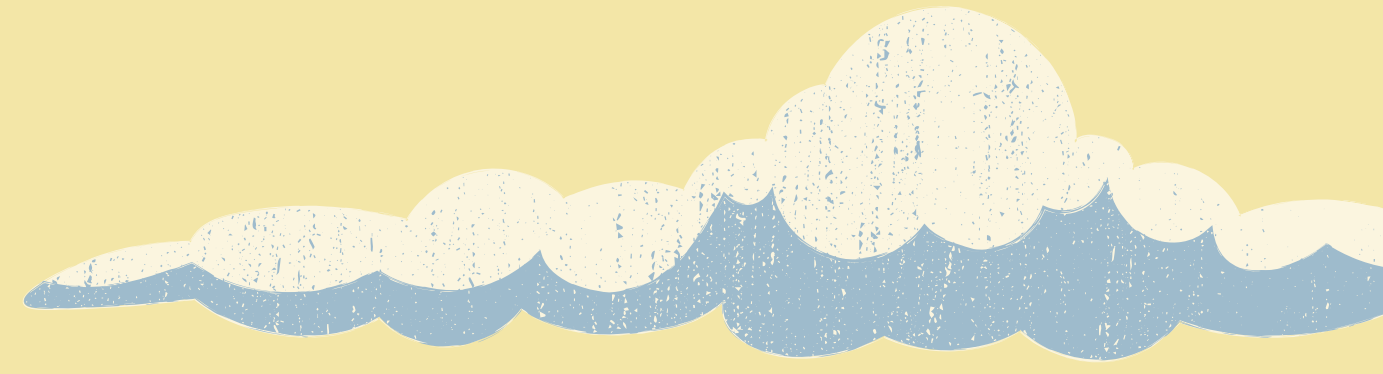

# GOAL

Turn airbase Volkel into  
Natuurdorp Maashorst

# ACTIVITY/IES

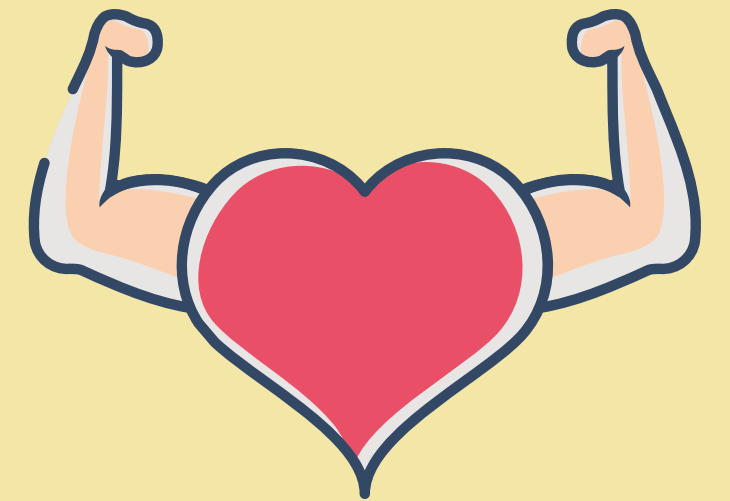

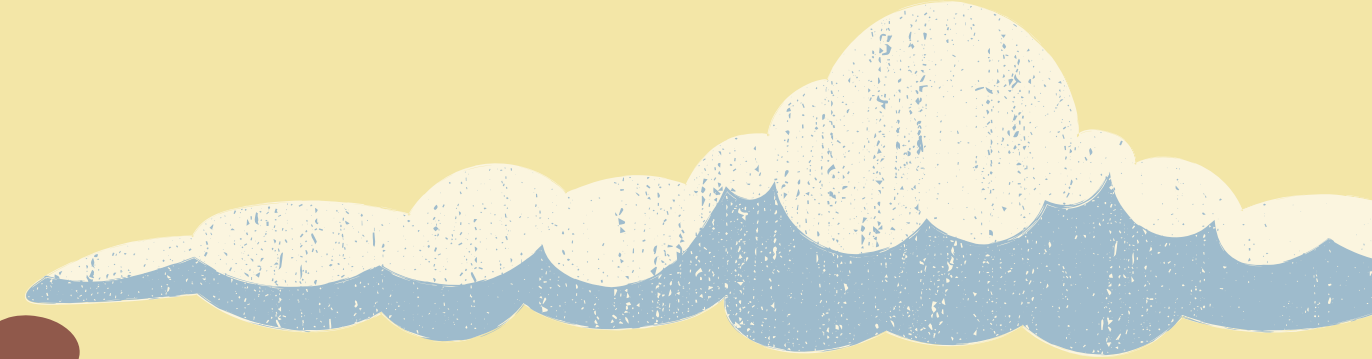

- Get to know other activist groups like Leeuwarden airbase
- Get scientific evidence of damage to health & nature by military airbase.
- Talk with environmental organizations.
- Organize local group meetings.

# EXPECTED OUTCOMES

- More and more people, locally and further away, will understand the military airbase causes harm to health by noise disturbance and pollution and they will say "NO!"
- Within one year we will have a solid action group.
- Within five years local politicians will join us.
- Within ten years defense will have a lot of health damage claims and it will be a world-wide-movement.
- Within this life the military airbase will be an Eco-village.
